1 Overview

This proposal covers a custom-built gym management system designed specifically around the Fitness Synergy Lipa branch's daily workflow, based on our interviews with management. The system is fully built, tested, and ready for deployment.

2 What's Included

- **Member management** — registration with photo verification, contract IDs (FS-XXXXXX), and full profiles
- **Walk-in tracking** — daily logging with repeat-visitor detection
- **Payments & installments** — flexible plans, promos, and installment tracking with outstanding-balance protection
- **Attendance** — time-in logging with a live daily feed
- **Reports** — daily, weekly, monthly & yearly sales; branch sales report; attendance analytics; exportable summaries
- **Expiring-member alerts** — automatic renewal reminders with follow-up tracking
- **Activity log** — a full record of every staff action for accountability
- **Receipts** — printable official receipts • **Secure admin login** — rate-limiting & audit trail

3 Investment

~~Standard market rate: ₱100,000+~~

FOUNDING-CLIENT RATE — SYSTEM SOFTWARE

Complete system, Lipa branch license • one-time

₱80,000

ADDITIONAL SERVICES	TYPE	AMOUNT (₱)
Hosting & domain setup	Per year	4,000
Maintenance & support	Per month	2,000
Staff training (on-site or online)	One-time	3,000

To get started: ₱40,000 down payment, with the ₱40,000 balance plus training fee due on handover and staff training.

Founding-client rate offered in exchange for a written testimonial and an introduction to other branches.

4 What's Not Included (Available Separately)

- Centralized / multi-branch system across all locations (*a separate project we'd gladly scope for you*)
- SMS or email automated notifications • major new features beyond the current scope

5 Support, Ownership & Data

- **45 days** of free bug fixes after handover; afterwards covered by the maintenance plan.
- **Your data is always yours** — all member, payment, and attendance records belong to Fitness Synergy Lipa.
- The system software remains the intellectual property of M.G.A.B. Co., licensed to the Lipa City branch.

6 Note

This system is also our academic capstone/thesis project and may be presented and defended publicly as part of our coursework. Client business data will **not** be shared in any academic presentation.
